MHFA England

MHFA England® is a social enterprise with a vision to improve the mental health of the nation. We'll achieve this through our mission to train one in ten people in mental health knowledge, awareness, and skills.

Our expert guidance and training gives people the skills to spot the signs of poor mental health, the confidence to start a conversation, and the knowledge to signpost to support.

Together, we'll create a society where everyone's mental health matters
